STATEMENT OF SAFETY

SAFETY IS OUR PRIMARY VALUE

US FUSION's culture has always been that Safety is first of its core values. We are dedicated to the safe completion of every worksite activity and our record proves it. US FUSION sustains long periods of time without incident, and maintains a very low Total Recordable Incident Rate.

US FUSION has a number of unique and innovative programs in the areas of:

- * Training
- * Safety Planning
- * Observations
- * Incident Measurement, Analysis & Feedback

As an Employee-Owned company, our values place the safety of our people first, and it is our intention to provide you with the training, materials, and the equipment to safely execute your work.

We believe that ALL incidents are preventable. To achieve such results, safety of every activity is planned into every job. Estimates are reviewed, high risk activities are identified, and safe plans of action are developed. Work crews analyze their work activities on a constant basis and develop Pre-Task Safety Analysis (PTSA's) as a team.

US FUSION's representatives and field Supervisors will reinforce the safety requirements provided to each new employee upon hire by setting a good example, and projects will be audited for compliance on a frequent basis.

US FUSION's Safety has improved over the years for award winning performance. As each year passes, we grow more and more confident that our approach to safety will continue to drive us to new heights. Great for our company. Great for our team members. And ultimately, great for our clients.

Guy Lewis --President and CEO

PETROCHEMICAL | REFINERY | TERMINALS | POWER | PIPELINES | MARINE | PULP & PAPER | MUNICIPAL | MANUFACTURING

CONTRACTOR

- ★ SPECIALTY & HEAVY CONSTRUCTION LICENSED CONTRACTOR
- ★ CONSTRUCTION & INSTALLATION SERVICES
- ★ CUSTOM INDUSTRIAL LINER FABRICATION & INSTALLATION
- ★ PLASTIC PIPE INSTALLATION TO YOUR SPECIFICATION
- ★ PIPE BUTT FUSION CAPABILITIES (UP TO 65")
- ★ SADDLE, SOCKET, ELECTROFUSION & EXTRUSION FUSION SERVICES
- ★ OVER 30 YEARS OF PIPE FUSION EXPERIENCE
- ★ OSHA TRAINED FUSION TECHNICIANS
- ★ HORIZONTAL DIRECTIONAL DRILLING PACKAGES
- ★ SITE CIVIL CONSTRUCTION
- ★ HYDROEXCAVATION
- ★ CUSTOM FABRICATION (PIPE, PLATE & LINER)
- ★ WELDED PLASTICS SUPPLIER
- ★ DESIGN AID & PROJECT MANAGEMENT
- ★ FIELD SERVICE & EMERGENCY SERVICE 24/7
- ★ MANHOLES, WETWELLS & SUMPS
- ★ WELDABLE PLASTICS REPAIR
- ★ EMERGENCY RESPONSE

SUPPLIER

- ★ PROTEX CONCRETE FABRIC MATTRESSES
- ★ GEOTEXTILE, GEOCOMPOSITES & GEOGRIDS
- ★ PLASTIC PRESSURE PIPING [1/2" - 65"]
- ★ ENGINEERED SPIROLITE PIPING [18" - 120"]
- ★ HDPE FM FIREWATER PIPING
- ★ PLASTIC DUAL CONTAINMENT PIPING
- ★ CUSTOM PLASTIC TANKS
- ★ COMPLETE FITTINGS SYSTEM
- ★ FABRICATED PLASTIC STRUCTURES TO 120"
- ★ CONCRETE EMBED LINER PROTECTION
- ★ FUSION MACHINE SALES & RENTAL
- ★ DRAINAGE CORRUGATED PIPING

FABRICATOR

- ★ WELDED PLASTIC FABRICATION SHOP
- ★ CUSTOM PIPE, PLATE & LINER FABRICATION
- ★ CONTAINMENT STRUCTURES
- ★ MANHOLE FABRICATION UP TO 120"
- ★ WETWELLS & SUMPS
- ★ WELDABLE PLASTICS REPAIR

PLASTIC PIPING SOLUTIONS

- ★ WELDED PLASTIC PIPING SUPPLY, FUSION & INSTALLATION SERVICES
- ★ FIREWATER SYSTEMS
- ★ WASTEWATER SYSTEMS
- ★ STORMWATER PIPING
- ★ PROCESS PIPING
- ★ SUMP SYSTEMS
- ★ COOLING WATER SYSTEMS
- ★ INDUSTRIAL WATER LINES
- ★ BYPASS LINES
- ★ OUTFALL/EFFLUENT
- ★ GRAVITY SEWER
- ★ PUBLIC/FEDERAL UTILITY
- ★ FORCE MAIN

GEOSYNTHETIC CONTAINMENT SYSTEMS

- ★ CUSTOM INDUSTRIAL LINER FABRICATION & INSTALLATION SERVICES
- ★ GEOTEXTILE, GEOCOMPOSITES & GEOGRIDS
- ★ INDUSTRIAL CONTAINMENT
- ★ SECONDARY CONTAINMENT
- ★ TANK CONTAINMENT
- ★ WASTEWATER CONTAINMENT
- ★ LANDFILLS - LINERS, CAPS, DAILY COVER
- ★ CONCRETE EMBED LINER PROTECTION
- ★ PLASTIC CONCRETE EMBED SYSTEMS
- ★ TUNNEL LINERS
- ★ CONTAINMENT STRUCTURES: MANHOLES, WETWELLS & SUMPS
- ★ CUSTOM LINER FABRICATION & INSTALLATION
- ★ GEOSYNTHETICS & WELDABLE PLASTICS REPAIR

PROTEX CONCRETE MATTRESS SOLUTIONS

- ★ P R O T E X CONCRETE MATTRESS DESIGN AID & INSTALLATION
- ★ DRAINAGE SYSTEMS
- ★ COASTAL & MARINE IRRIGATION
- ★ WASTEWATER PONDS
- ★ DOCKS & SHEET PILE WALL PROTECTION
- ★ STORMWATER RUNOFF
- ★ PIPELINE PROTECTION & COVER
- ★ CULVERT APRON PROTECTION
- ★ WAVE, WIND & STORM PROTECTION
- ★ COASTAL EROSION
- ★ SHORELINE & RIVER REVETMENT
- ★ BULKHEAD & WALL SCOUR PROTECTION
- ★ BRIDGE & PIER ABUTMENTS
